***Re: Request For Public Records***

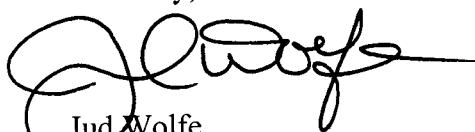

Dear Ms. Haskins:

This letter confirms receipt of your July 10, 2019 request for public records submitted to Plainfield Community School Corporation ("PCSC"). The request seeks production of the following public records:

1. Any documents associated with the purchase of Gaggle services for the school district.
2. The total number of students in the school district that been flagged for "signs of self-harm, depression, thoughts of suicide, substance abuse, cyberbullying, unhealthy relationships, and credible threats of violence against others.
3. The number of students that been flagged for each respective warning sign category listed above.
4. Any school district emails that discuss disciplinary action (like detention or suspension) or an administrative response (like removing the student from class, or contacting the school guidance counselor, Child Protective Services, or the police) to student behavior on Gaggle.

PCSC is in the process of determining the existence of the records requested. This response should not be construed as an admission of the existence of any requested document, nor should it be construed as a denial of any requested document. This response likewise should not be construed as a waiver of any statutory authority for non-disclosure that may apply to a particular document.

Sincerely,

  
Jud Wolfe  
Assistant Superintendent
